Create a background soundscape to your liking to bring positive spin on working from home, get a good night's sleep, or just to create the right mood in the room.

- Working from home and missing the outside? No problem, tune Ambience to your liking to create a beautiful soundscape in your home office.

- Having trouble getting to sleep? Try listening to gentle rain and distant, rolling thunder.

- Have a little one around willing to "work" on your laptop? Let them play with Ambience and enjoy hunting some of the hidden easter eggs.

Enjoy Ambience Soundscapes!
